Mission Statement:

Loving, learning, growing together with Jesus

ST MARGARET MARY'S CATHOLIC JUNIOR SCHOOL

Rationale

'I HAVE COME THAT YOU MIGHT HAVE LIFE AND HAVE IT TO THE FULL'

(Jn.10.10)

We are involved in Relationships, Sex and Health Education (RSHE) precisely because of our Christian beliefs about God and about the human person. The belief in the unique dignity of the human person made in the image and likeness of God underpins the approach to all education in a Catholic school. Our approach to RSHE therefore is rooted in the Catholic Church's teaching of the human person and presented in a positive framework of Christian ideals.

At the heart of the Christian life is the Trinity; Father, Son and Spirit in communion, united in loving relationship and embracing all people and all creation. As a consequence of the Christian belief that we are made in the image and likeness of God, gender and sexuality are seen as God's gift, reflect God's beauty, and share in the divine creativity. RSHE, therefore, will be placed firmly within the context of relationship as it is there that sexuality, and indeed the whole person, grows and develops.

Following the guidance of the Bishops of England and Wales and as advocated by the DfE (and the Welsh Assembly Government) RSE will be firmly embedded in the PSHE/RSHE framework as it is concerned with nurturing human wholeness and integral to the physical, spiritual, emotional, moral, social and intellectual development of pupils. It is centred on Christ's vision of being human as good news and will be positive and prudent, showing the potential for development, while enabling the dangers and risks involved to be understood and appreciated.

All Relationships, Sex and Health Education (RSHE) will be in accordance with the Church's moral teaching. It will emphasise the central importance of marriage and the family whilst acknowledging that all pupils have a fundamental right to have their life respected whatever household from which they come. It will also prepare pupils for life in modern Britain.

Aim

St Margaret Mary's Catholic Junior School aims to provide a suitable programme that follows the statutory need to include RSHE into our curriculum which meets the ethos of its Catholic identity and mission.

The purpose of this Relationships, Sex and Health Education (RSHE) policy is to set out the ways in which the school's provision supports pupils through their spiritual, moral, social, emotional and physical development, and prepares them for the opportunities, responsibilities and experiences of life growing up in today's world.

Our School's mission embraces the spiritual, physical, intellectual, emotional, moral and social development of children and young people, and through an agreed approach to Relationships and Sex Education (RSE), using the Archdiocesan recommended resource 'Journey In Love' (2020), we believe that we can promote the development of the whole child, so that children can grow in *virtue, wisdom and stature*, understanding both the

emotional, social and physical aspects of growing spiritually, as well as moral aspects of relationships within a context of a Christian vision for the purpose of life.

The other aspects of the statutory curriculum intent will be met within Come and See (RE), PSHE and Science curricula. (See appendices at end of document which incorporates Come and See (Appendix 2), DfE Statutory Relationships and Statutory Science (Appendix 3) and an overview of other resources mapped across each Year Group (Appendix 4))

The Purpose

The aims of Relationships, Sex and Health Education (RSHE) at St Margaret Mary's Catholic Junior School are to:

- Provide a framework in which sensitive discussions can take place.
- Help pupils develop feelings of dignity, self-worth, self-respect, confidence and empathy.
- Prepare pupils for puberty and give them an understanding of sexual development and the importance of health and hygiene.
- Create a positive culture around issues of sexuality and relationships.
- Teach pupils the correct vocabulary to describe themselves and their bodies.
- Enable children to embrace the challenges of creating a happy and successful life, including childhood, adolescence and adulthood.
- Put knowledge into practice as the children develop the capacity to make sound decisions when facing risks, challenges and complex contexts.
- Support pupils' development as they contribute to the common good.

Statutory Requirements

At St Margaret Mary's, we must provide Relationships Education to all pupils as per section 34 of the Children and Social Work Act 2017.

In teaching Relationship and Sex Education, we must have regard to Catholic Education Service guidance issued by the Bishops Conference of England and Wales 2017.

The statutory guidance from the Department for Education issued under Section 80A of the Education Act 2002 and section 403 of the Education Act 1996 Appendix A

The statutory guidance from the Department for Education Equality Act 2010.

Relationships, Sex and Health Education (RSHE) became statutory from September 2020 but due to the Covid-19 pandemic was deferred to September 2021 and is formed from the Personal, Social and Health Education (PSHE) and the Relationships and Sex Education (RSE) curricula.

An RSHE policy is statutory, whilst PSHE and RSE policies are optional. At St Margaret Mary's's, the RSHE policy refers to the school's PSHE policy.

Policy Development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – Rebecca Wilkinson (Headteacher), Clare Dwerryhouse (RE lead) reviewed the policy, referencing DfE statutory guidance and guidance from the Archdiocese of Liverpool.
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations.

Definition

Relationships, Sex and Health Education involves a combination of sharing information and exploring issues underpinned by our Catholic values.

Relationships, Sex and Health Education is about the emotional, social and cultural development of pupils, and involves learning about personal relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

Curriculum

We have developed our curriculum with recommendations from the Archdiocesan Education Department to ensure that they meet with Catholic Church teaching.

After consultation with parents, Relationships and Sex Education will be covered using the Archdiocesan recommended resource 'Journey in Love' 2020. This includes sexual intercourse at Year 6 (See right of withdrawal).

We have considered the age, stage and feelings of pupils and have consulted with parents and staff to ensure we are offering a quality curriculum which is adequately catered to meet their needs.

We have adapted PSHE materials from a number of resources which enable both PSHE and RSHE objectives to be met (see Resources listed below and overviews attached in Appendix 4).

If pupils ask questions outside the scope of our curriculum, teachers will respond in an appropriate manner so they are fully informed and do not seek answers online.

Delivery of Relationships, Sex and Health Education (RSHE)

Relationships and Sex Education (RSE) is taught both discretely and within the Personal, Social and Health Education (PSHE) curriculum lessons. Some aspects of the RSHE curriculum may be touched upon in other lessons as it shares links with Religious Education, Science and Physical Education.

Our RSHE will ensure that content is relevant to the age, experience and maturity of pupils.

The new statutory guidance for Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me.
- Caring friendships.
- Respectful relationships.
- Online relationships.
- Being safe.

These areas of learning are taught within the context of 'family life' and could include married or single parent families, same sex parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures, along with reflecting sensitively that some children may have a support structure around them (for example: looked after children or young carers).

As a school, we promote equality of opportunity and foster good relations. Our school environment uniformly applies values of inclusion and respect to all pupils and their families. All staff are proactive in promoting positive relationships and receive regular training.

Equal Opportunities

All pupils have access to the RSHE curriculum. Where pupils have specific educational needs, arrangements for support from outside agencies and support staff are made to ensure these pupils have an appropriate, differentiated curriculum.

Roles and Responsibility

The Governing Body

- The governing body will approve the RSHE policy and hold the Headteacher to account for its implementation. ||

The Headteacher

- The Headteacher is responsible for ensuring that RSHE is taught consistently across the school and for managing requests to withdraw pupils from the non-statutory element of Relationship and Sex Education in Year 6 (see right of withdrawal).

Staff

- Staff do not have the right to opt out of teaching RSHE as this forms part of the Teaching Standards. Any staff who have concerns about teaching RSHE are encouraged to discuss this with the Headteacher.

- Staff are responsible for:
 - o Delivering RSHE in a sensitive way which complies with Church teaching.
 - o Modelling positive attitudes to RSHE.
 - o Monitoring progress.
 - o Responding to the needs of individual pupils.
 - o Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE.

Pupils

- Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with dignity, respect and sensitivity.

Parents' right to withdraw

Parents have the right to withdraw their children from the non-statutory component of sex education in Year 6. This is where sexual intercourse is taught discretely as part of the physical aspect within Journey in Love, the Archdiocesan recommended resource.

Requests for withdrawal should be made in writing and addressed to the Headteacher. The Headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to pupils who are withdrawn from RSE.

Parents do not have the right to withdraw their children from Statutory Relationships Education as set out in the DfE guidance 2020.

Monitoring arrangements

The delivery of RSHE is monitored by Clare Dwerryhouse, Caroline Gillespie, Katie Newing (RSHE Team) and Rebecca Wilkinson (Headteacher) by undertaking learning walks, staff and pupil consultations, planning and work scrutiny and questionnaires.

Pupils' development in RSE is monitored by class teachers as part of our internal informal assessment systems.

This policy will be agreed annually by the governors and reviewed **every three years**.

Appendix 2: Come and See and Relationship and Sex Education

Introduction

The following is intended as a guide for linking Relationship and Sex Education with Come and See. Some of these aspects might be covered in the EXPLORE section where the topic is being introduced, starting with the pupil's own experience, and extending into the REVEAL and RESPOND sections. Some ideas may be used in the REVEAL process where the teaching is explicitly concerned with Scripture and the teaching of the Church. Some topics offer more explicit teaching to develop ideas about Relationship and Sex Education, some less so.

Another way of using this section is when teaching Religious Education which occurs in other aspects of the curriculum.

Appendix 3: Statutory Science Curriculum

In the Early Years Foundation Stage, children learn:

- about life cycles.
- Through on-going personal, social and emotional development (PSED), they develop the skills to form relationships and think about relationships with others.

In Key Stage 1, children learn:

- That animals, including humans, move, feed, grow and use their senses and reproduce
- To recognise and compare the main external parts of the bodies of humans
- That humans and animals can reproduce offspring and these grow into adults
- To recognise similarities and differences between themselves and others
- To treat others with sensitivity

In Key Stage 2, children learn:

- That the life processes common to humans and other animals including nutrition, growth and reproduction
- About the main stages of the human life cycle

Appendix 4: RSHE, personal development, wellbeing and citizenship Overview

St Margaret Mary's is a school community where we:

- promote Christian values of love, care and respect
- equip our children with the tools of learning and help them to achieve their maximum potential
- create an atmosphere of faith in which we share and celebrate our Catholic beliefs
- work in partnership with the children, their families and the parish
- provide a happy and safe environment in which all members of the school community feel valued
- develop the individual needs of our children to give them the confidence to participate as responsible citizens of the future

At St. Margaret Mary's Catholic Junior School we pride ourselves on our bespoke curriculum which has been designed to ensure that learning experiences are rich and balanced in PSHE

Introduction - Overview

In St. Margaret Mary's School, we give an important place to PSHE in all aspects of school life and in our whole curriculum encompassing teaching and learning, we seek opportunities for pupils to continually grow. . We place a great deal of importance on RSHE, personal development, wellbeing and citizenship as a Catholic school and it is embedded in our ethos as defined in the Mission Statement and Aims of the school:

Our Mission Statement:
Loving, learning, growing together with Jesus

Personal, social and health education (PSHE) helps to give children and young people the knowledge, skills and understanding they need to lead confident, healthy, safe, happy and independent lives. It aims to help them understand how they are developing personally and socially, encompassing issues that are part of growing up and becoming citizens in the immediate and global community. It celebrates diversity and difference and helps to build respect. It offers learning opportunities within its lessons, across the curriculum and in the wider life of school.

Currently under the Education Act 2002/Academies Act 2010 all schools must provide a balanced and broadly-based curriculum which:

- promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

The 2006 Education and Inspections Act placed a duty on Governing Bodies 'to promote the wellbeing of pupils at the school'

Aim:

That pupils will have a good understanding of their own health and well-being, relationships and life in the wider world to equip them both now and in the future to live and thrive as a member of society.

Our PSHE education aims to underpin our Catholic Ethos as a school; Living, Learning and Growing with Jesus within our lessons and everyday life. It aims to link closely to complement the Come and See RE syllabus and other subjects within school (ICT, Science and PE). Whole school events such as assemblies, enrichment activities, trips and visits/visitors and Church services throughout the year also enhance this provision further. . Many of these values are reinforced through our Religious Education programme, Come and See, and children have regular opportunities to explore them further through collective worship.

Strategies:

St. Margaret Mary's has created a programme of study that is bespoke to our school and all our children.

Topics in this the curriculum have been carefully selected to be most relevant to our children's needs. We have used professional associations and schemes.

- Twinkl
- SEAL programme of study
- PSHE Association
- www.valuesmoneyandme.co.uk
- Journey in love
- No Outsiders in our School (Diversity)
- A range of texts to teach The Equalities Act and celebrate difference and diversity across the curriculum
- CAFOD Resources
- St John's Ambulance – KS2 First Aid

The three main core themes of our PSHE programme of study focus on “Relationships,” between peers and society “Health and Well-Being,” and “Living in the Wider World” (economic well-being and being a responsible citizen) in our curriculum. The areas complement each other as well as stand alone.

Encompassing Relationships element of the PSHE Curriculum, pupils are taught :-

About caring friendships within and outside of school

Team work

Positive feelings

Overcoming negative feelings

Emotions

Respectful relationships (including online)

Bullying

Encompassing the Health and Well-Being element of the PSHE Curriculum, pupils are taught about:-

· Mental wellbeing including mindfulness and emotions attached with different scenarios in life.

mindsets

Benefits of physical health and fitness including healthy eating

Understanding that thoughts, feelings and behaviours are linked

Links are made to the science curriculum that teaches children about healthy eating, drugs, alcohol.

Encompassing the Living in the Wider World element of the PSHE Curriculum, pupils are taught about:-

How money is earned and how jobs are gained

The work of charities (including CAFOD)

How to be a responsible citizen

Stereotypes

Human Rights (including specific children’s rights)

That Britain is a diverse society

Understanding democracy and government in Britain

Risky situations and how to stay safe

Online safety

This is achieved through enhancing pupils understanding of their place in a culturally diverse society and by giving them opportunities to experience such diversity. Assemblies and discussions involving prejudices and prejudice-based bullying have been followed and supported by learning in Come and See and PSHE. The Come and See programme provides two opportunities throughout the year to explore the beliefs of other faiths and religions, which include Judaism and Islam, and to explore the similarities to Christianity as well as the differences.

- Work focussed on charities such as CAFOD when fund raising
- Other class topics provide opportunities to learn about different cultures

Equal Opportunities and Inclusion

At St. Margaret Mary's Catholic Junior School, we plan to provide for all pupils to achieve, irrespective of gender, ability, disability, culture, background or personal circumstance.

We promote diversity and inclusion within our lessons as all pupils have a right to access the PSHE curriculum fully.

We will consider all pupils' needs through our teaching.

We expect our pupils to consider others' needs by listening to them and respecting their personal circumstances.

Teaching will take into account the age, ability, readiness, and cultural backgrounds of children [and those with English as a second language] to ensure that all can fully access PSHE education provision.

Because PSHE education works within pupils' real life experiences, it is essential we establish a safe learning environment. Clear 'ground rules' and a confidentiality policy that is understood by all (adults and children) are important elements of creating this.

We will create a safe and supportive learning environment within our lessons by ensuring all pupils are heard and their needs are met .

We will ensure that where pupils indicate that they may be vulnerable and at risk, they will get appropriate support.

Planning and Timetabling of the PSHE Curriculum

PSHE is time-tabled regularly as a part of the curriculum.

Lessons are taught specifically as PSHE on the timetable and follow a sequence of 6 lessons each term. RSE lessons further encompass this.

Lessons are taught by the class teacher. Support is given by the PSHE lead. Each year group has a member of staff who promotes that lessons are consistent throughout the year.

Lessons and slides have been planned by the PSHE lead, to be adapted by class teacher for their class.

Lessons are planned to match the Come and See Curriculum and Journey in Love Programme (to match the Catholic ethos of our school)

Each topic matches one of the three PSHE themes and addresses the key strands within them.

Each topic is age appropriate and builds upon prior learning.

Topics are carefully chosen to :

Address the needs of the children at our school.

Focus on our school mission statement

Encompass our Catholic Ethos

Complement the Come and See RE scheme – lessons are explicitly referenced to this

Match the 3 areas of PSHE

Implementation through Assessment, Recording, Reporting and Monitoring

Teachers assess the children's work in PSHE by making judgements as lessons progress. We have clear expectations of what the pupils will know and understand at the end of each topic, and by the end of the key stage.

Assessment offers the children the opportunity to reflect on their own progress at the end of each topic. The last lesson is a "showcase" lesson where the children consolidate understanding from the previous sessions and enables teachers to determine what has been learned and taught.

The PSHE subject leader is responsible for monitoring the standards of children's work and the quality of teaching, progression and planning overall.

The subject leader will monitor plans, teaching and learning in order to evaluate strengths and areas in the school and indicate areas for improvement. The subject leader will regularly evaluate the scheme of work to ensure that the needs of the pupils, guidance from the DfE is met, links to RE and Catholic life are met and that there is progression and continuity of learning through the school.

Pupil Questions, Confidentiality and Safeguarding

Because PSHE education works within pupils' real life experiences, it is essential to establish a safe learning environment. Clear 'ground rules' and a confidentiality policy that is understood by all (adults and children) are important.

PSHE is taught inclusively to all children regardless of their race, religion and gender, whilst at the same time addressing the need for equal opportunity. The PSHE curriculum is in line with the single equality duty policy. Staff will ensure that no judgement will be passed on the lifestyles and choices made by others. If a safeguarding issue is raised, staff are required to follow the correct safeguarding procedure and safeguarding policy.

We will set the following ground rules at the start of every lesson

That all pupils have a right to be heard

That pupils have a right to ask questions that will be answered immediately if appropriate or a reference made to another member of staff/time to research will be given.

That pupils must not name others when talking openly in discussion unless invited to

That if pupils need to speak to us about any issues, they can do privately.

Outcomes and impact:

St. Margaret Mary's Catholic Junior School is committed to the development of all our pupils PSHE awareness; this being core to our school's ethos. It will be established across the curriculum, embedded in our teaching and learning throughout all of our subjects and through themes identified within school and the world around us. It will be clearly visible throughout our pupils' behaviour, relationships and attitudes within school and beyond.

Due to the effects of the Covid-19 Pandemic, our programme in the 2021-2022 academic year will seek to address any gaps from this year and issues that we feel need addressing in our bespoke PSHE curriculum.
